Welcome to Jesus Kids Stars Foundation.

On behalf of Jesus Kids Stars Foundation, The Lord has presented us with another opportunity to help children. Many are orphans but are now part of another families.

Our mission as a ministry is to empower orphans and vulnerable children through the provision of services such as medical care, education, love, and all necessary children needs to return hope and build a better future for the children.

We are thrilled with the progress we have made, but there is still immense work to be done. As we navigate the ever-changing landscape of our mission, it is the collective strength that propels us forward. Our ambitious goal is to educate 1,000 orphans by 2026 and with the continued support of our dedicated team, and volunteers, we are confident that this goal is in reach.

Thank you for being the driving force behind Jesus Kids Stars Foundation, and for believing in our mission. Your support is not just appreciated; it is the heartbeat of our Foundation.

May the Lord we Serve bless you and reward you abundantly.

Mr.Simon Kasirivu Gitta
Executive Director/Founder

Message from the Ambassador of HEART FOR UGANDA

According to the church activity work plan, we always do community out reach, it was in May 2023 when the convent Ministry visited schools in the theme of “The fear of the Lord is the beginning of wisdom” [proverb 9:10]

I met the organization called JESUS KIDS STARS FOUNDATION with a man of God Kasirivu Simon Gitta preaching the gospel of our Lord through helping the vulnerable children, orphanage and youths.

As Heart for Uganda one of our major objective is to make impact to the community through charity activities like these.

Thus for this, kindly director Heart for Uganda- **Dustin Odom** allow me to introduce now the new partnership we started with Jesus Kids Stars Foundation

As the Ambassador **Heart for Uganda** allow me to inform you that this organization is wroth work with since the church is based on the young generation. Through the guidance of holy spirit I propose we stand with this organization in the Spiritual Growth and Education.

I thank every stakeholder who has made this possible. Thank you, our Donors, Virtual Volunteers, Partners, and Customers of the Business arm of the organization, for your continued support.

I continue to pray that you will not grow weary in doing good and that you will continue supporting the organization to be able to impact more individuals who will in turn impact their communities and the globe at large.

May the blessings of the Lord be with you all the days of your lives.

At your service

Pr. Balikudembe Gideon
Project Coordinator/Board Member

Message from the Board Member

Growing up as a child from a struggling background my parents through the toughest of the conditions got out of their way to push for my education. We could walk miles just to get to school and back again everyday. It is from this that adopted the zeal and will to finish my studies and later be a blessing into the people who helped me go to school.

It is through JKSF that my passion to give back was fully expressed. As a Board Member and project director I happen over see the project managers and service providers who coordinate the different teams at the orphanage have a smooth work flow of all operations and that work is finished in time.

On behalf of our Team, I would also love to extend my sincere Gratitude to all the generous and kind hearted people that the LORD has blessed to sponsor and support the work we do for God at the orphanage. May God continue to bless and anoint you to stand with the orgernisation through out another year or great testimonies.

Mr. Mike Mubiru Costantine
Board Member/Project Director

Message from the Head of Children Affairs

As Head of Children's Affairs in our organization, I really just want to say; Children are gifts from God and it is our role as elders to nature the young generation to find their purpose in life and to know more about God the creator of the universe.

My role at the orphanage is quite interesting as I get to ensure the general rights of the kids are met both at school and away from school. I also head the team which does the investigation and study the children's background through our criteria process to ensure the support goes to the right child as our motto says. ***"Giving Hope to the Forgotten Ones"***.

It is my deepest honor to thank everyone for blessing the work we do and for being a part of our vision and mission at the Jesus Kids Stars Foundation.

Thank you so much for each time you have put a smile and most importantly for giving hope to these little stars of tomorrow.

May the Lord Bless you for your generosity and kindness towards the kids. Your contribution has put big smiles on our kids but most importantly it has given hope for a better and brighter tomorrow.

Lucas Boss Mulinde

Who We Are & What we Do

Jesus Kids Stars Foundation is a non-government organization in Uganda and an indigenous Christian based organization which started in 2010 as a community based organization (CBO) with 10-15 vulnerable children and helpless from remote families.

Later the charity foundation was legalized and transformed into a NGO in 2022.

We support poverty eradication programs, widows, and empowerment of women, programs for the disabled, sanitation and health sensitization, among many others.

TO INVEST IN OUR FUTURE, WE MUST INVEST IN OUR CHILDREN

Investing in children means we are investing our future. The world of tomorrow simply cannot prosper if children of today are not healthy, educated and protected.

Investing in children can also make sense economically. Data shows that every additional year of schooling for a child increases his or her future earnings by about 10 percent.

Change is possible and change is happening. We are calling upon God's people to get involved in making an impact with all the small you can.

Provide a child
food,
Medical care,
spiritual
guidance,

Support the Vulnerable Children & Underprivileged

We earnestly desire to give the Jesus Kids a wonderful education this year, in the form of basic provisions for their lives. So many lives have been forever changed by the love you have showed.

Our children are being fed, given sources of clean water, medical care, clothed, educated and most importantly learned of Jesus's Love for them.

Once a forgotten children with no hope, they now have bright future and faith in their eternal father. These indigenous kids are precious believers and because of your support and care they have been able to smile but this holiday we want to give them a special gift of corn meal and beans.

Our hope for them is to get meaningful life a great blessing through all our friends and supporters. I believe we are preaching the word to the next generation.

Jesus Kids Stars Foundation is a faith based nonprofit organization operating currently in Kampala, Kawempe plot 3040 Ttula Road, and our operations are located in Nakaseke, Mpigi, Kawempe and Luwero.

Our Story

Jesus Kids Stars Foundation began in 2010 as a small outreach ministry operating in Kawempe. It was founded by a one Gitta Simon Kasirivu passionate for helping the needy in his community since his childhood, he dreamed a long time that day to come when he could financially able to do so. He wanted to help the children since he himself was also helped by a Good Samaritan during his childhood. Gitta's mother passed away when he was very young and his father was drunkard who never knew the value of education.

Gitta Simon Kasirivu after completed studies decided to ask his sponsor, Nantaze who is a Ugandan by then living in Germany, on how he could repay his gratitude towards her. Her reply to Gitta was "Do others what has been done to you". This was a perfect confirmation of what the Lord had placed for so long within Gitta's heart.

Gitta opened the foundation called Jesus Kids Stars Foundation in 2012, and in 2022 the foundation was officially registered as a Community Based Organization (CBO) number 17829. In 2019, JKSF was officially recognized as an indigenous NGO by government of Uganda and for now JKSF is trying to address major issues affecting Ugandan Communities and help the needy.

Support Children Talent

* Talents and discovering among home children, in 2022-24 mission there shall be more working to fit and encourag talents of children and using them to show the world that something good can come of us. We invite other talented fiend within and across borders to train and support the young ones, on this idea we have already done a small part on music project composition and recording as you will see our children singing on their first video called (WE ARE THE CHILDREN OF AFRICA) it is about defending a child and caring for a child rights

Our areas of focus

- Under -age marriages and teenage pregnancies
- Education
- Disabled & Orphan Children
- Domestic violence
- HIV/AIDS pandemic
- Child abuse
- School dropouts

GET INVOLVED!

Spread the word: Share information about Jesus kids and their programs with your social network.

This can help raise awareness about the organization and encourage others to get involved in supporting their work.

Why we need your support?

Considering everything that we do for these kids, there is no surprise that the orphanage run out of funds. When we have medical emergencies such as malaria, it tends to be taken care of by volunteer who may be visiting at the time.

We need more support to continue help these children by sending them to school and universities. We believe that these children are the future leaders. A couple of the original children we had are currently giving back to the orphanage and their community.

You Can Help

* Jesus Kids Stars Foundation struggles with grapping resources to support its activities, We need food for the growing number of children.

* We need a diversity of resources to support children resources such as beddings, clothings, but more importantly food.

* Helping them secure educational scholarships and also livelihoods require a number of players like the street children themselves.

Join us to make a Difference

Our Future Plan Building

Acknowledgment

We acknowledge all the financial support given to us by;-

1. Dr. John Mulinde,
2. Mama Esther,
3. Mama Sliva
4. Mama Tiina

towards the success of this work.
May our good Lord bless you abundantly!!
